Dear Friends,

Thank you for your generous gift of \$1,000.00 to support St. Stephen's Youth Programs.* Your willingness to help young people in grades K-12 and beyond from Boston's neighborhoods makes a big difference in their lives. We sincerely appreciate your partnership with us in this important work of helping young people along the road to successful adulthood. Our work simply would not be possible without your strong support.

Thanks to friends like you, our summer B-SAFE program will provide more than 350 young people with a place to learn, grow, and feel safe. During the school year, our B-READY afterschool program will support 250 young people with a focus on academics, arts and leadership. Your donation will help pay for educational materials and programming, enriching field trips and healthy meals. It will also provide 180+ teens employed with us each year with invaluable work experience as tutors and mentors. Your support also allows us to offer teens academic support and enrichment, job training, college and career preparation, and life and leadership skill training. We have seen from experience that this comprehensive support can help young people overcome obstacles to their success.

Again, thank you for all you do for our young people!

With gratitude,

A handwritten signature in black ink, appearing to read "Tim Crellin".
